

**Acknowledgement for Volunteer Screening Purposes**

I understand that the Missouri Family Care Safety Registry (“FCSR”) is a service provided by the State of Missouri for employment background screening purposes. I understand that the Archdiocese of St. Louis may be utilizing the FCSR for both employment candidates and volunteer candidates. I authorize the parish to utilize the FCSR for my background screening, which is a non-employment purpose.

Please complete this form, the Family Care Safety Registry, attach a copy of your social security card and return them to the parish office.
